

5-min Survey: Your KEY priorities for the community

It's time to act on the important sustainability goals that you identified for the myPG Sustainability Plan last winter. One of the City's first big steps will be to use the community goals to guide an update of our Official Community Plan (OCP). As a critical regulatory tool, council, staff and citizens use the OCP to help make decisions on things like where we locate housing, what our transportation priorities are, and how we provide services. The City of Prince George is updating its Official Community Plan (OCP) to promote development over the next 30 years that is sustainable.

This 5-minute survey launches the start of public engagement for the OCP. It is your chance to tell the City where to focus to make this a better place to live, work, and play.

By completing this survey you will be automatically entered in our prize draw.

Your name and contact information is required for us to get in touch with you if you win , and we will use it to inform you about upcoming opportunities to engage in the OCP update and other major City initiatives. It will not be shared or used for any other purpose (we promise!)

“Sustain-a-bucks”

Imagine that you have \$1000 to spend on making Prince George better. Indicate which of these directions you would spend the funds on. Make sure to spend the whole \$1000.

Are we missing something? Tell us what it is below and allocate funds toward it.

- 1. Enhance the city through design \$ _____
- 2. Focus growth more strongly to downtown & key neighbourhoods \$ _____
- 3. Prioritize walking, cycling & transit in key corridors \$ _____
- 4. Encourage renewable energy, efficiency & district energy systems \$ _____
- 5. More affordable, accessible housing \$ _____
- 6. Improve air quality \$ _____
- 7. Support food & agriculture \$ _____
- 8. Support leading solid waste management \$ _____
- 9. Emphasize action with strong implementation tools \$ _____
- 10. Other?: _____ \$ _____

How well do you think the following directions are CURRENTLY being addressed in the City of Prince George?

	Poor	←	→	Well	Don't know
1. Enhancing the city through design	1			3	n/a
2. Focusing growth more strongly to downtown & key neighbourhoods	1			3	n/a
3. Prioritizing walking, cycling & transit in key corridors	1			3	n/a
4. Encouraging renewable energy, efficiency & district energy systems	1			3	n/a
5. Offering affordable, accessible housing	1			3	n/a
6. Improving air quality	1			3	n/a
7. Supporting food & agriculture	1			3	n/a
8. Supporting leading solid waste management	1			3	n/a
9. Emphasizing action with strong implementation tools	1			3	n/a
10. Other?: _____	1			3	n/a

Do you have any concerns? Comments you would like to share?

Please note any in the space below.

Tell us About You

We are collecting this information so we know the range of people responding to this survey. It will be separated from your contact information so that it is anonymous.

Which age range are you in?

- Under 13 yrs
- 13-17 yrs
- 18-24 yrs
- 25-34 yrs
- 35-44 yrs
- 45-54 yrs
- 55-64 yrs
- 65-74 yrs
- 75 yrs or over

Are you...

- Male
- Female

What range is your household income in?

- \$25k or less
- \$25k - \$50k
- \$50k - \$75k
- \$75k - \$100k
- \$100k +

Thanks for sharing your opinions with us!

Tell your friends to share their opinions before the survey ends July 7th. Also available online at myPG.ca.
