

*...get involved!*

What will my Prince George look like in the future?

How will we maintain the best of life in Prince George in the face of global trends and local challenges?

What changes would I most like to see in my community?

myPG is the first community sustainability plan for Prince George – a broad, long-term plan for the whole community.

The challenges that Prince George is facing are diverse. By working together, there are many opportunities to be explored.

myPG

- takes charge of our future
- brings together citizens, community groups, business, institutions and government
- works toward a vision we all share
